**Tair Parnes : Button Jewelry Accessories: 22 Unique Projects** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Button Jewelry Accessories: 22 Unique Projects:

15 of 15 people found the following review helpful. exceptional button jewelry book...By retroredux if you love making button jewelry but are looking for more modern or funky designs then I highly suggest this book. The author has included many different projects using easily found materials. The only quirk may be that some projects call for 50+ of the same button but there's no law saying you cannot use different buttons. Full color photos, great instructions- a must for button crafters and collectors with a huge stash of "everyday" buttons looking for something to do with them:)5 stars!recommended!

Unique jewelry and craft projects featuring ordinary and extraordinary buttons, plus beads and fabrics. Button Jewelry Accessories transforms ordinary and not-so-ordinary buttons into unique necklaces, rings, accessories, and home

decorations. Twenty original projects combine buttons of all shapes and sizes with beads or fabric. The projects have easy step-by-step instructions with photography, and they can easily be personalized with favorite colors and materials. This cute and colorful book will inspire crafters to run to their nearest fabric or craft store in search of the perfect buttons.
