Giacomo Barozzi da Vignola : Canon of the Five Orders of Architecture (Dover Architecture) before purchasing it in order to gage whether or not it would be worth my time, and all praised Canon of the Five Orders of Architecture (Dover Architecture):

0 of 0 people found the following review helpful. ExcellentBy M. M. WalcottExcellent1 of 1 people found the following review helpful. A classicBy Karlos LeonardoYou need to appreciate antique writing... it's somewhat obscure to a laymen like me, but it brings the authenticity of the architectural design canons of the time.1 of 1 people found the following review helpful. A must haveBy Lucas Caracik de Camargo AndradeA historic canon!Nice beautiful edition in an affordable price! What more may I ask for?A must have for architects!

One of history's most published architectural treatises, this Renaissance volume solidified the architectural canon of the past five centuries. The distinguished architect known as Vignola identified the five orders — Tuscan, Doric,

Ionic, Corinthian, and Composite — and illustrated them in full-page elevational detail. Accessible even to lay readers.
