Good for anyone!By Esther RodriguezI bought this book for my special needs daughter in the hope that it would introduce her in the art of drawing and help her to easily understand each step in drawing animals. And it did! A few days ago she surprised me by drawing a cat out of apples. The book also helped her in focusing on details and to understand proportions. I highly recommend the book.0 of 0 people found the following review helpful. Drawing made funBy ChristineThe book came in on time and I love the book. I bought it to make paper mache sculptures, and they show the basic shapes and that will help in drawing or sculpture making.0 of 0 people found the following review helpful. not for meBy HannaFor children only, it does not say that, it is of very

little value to an adult with some knowledge of sketching. Animals are chosen with little artistry .

Draw 50 Animals is a step-by-step, easy-to-use drawing book that will help kids and adults alike develop their technical drawing skills and build a repertoire of animal subjects. Fifty furry, scaly and feathered friends are here for aspiring young artists to learn how to draw, including a lion, a giraffe, a dinosaur, a penguin, a bunny, a shark, and much more. It's easy to bring these animals to life the Draw 50 way. Over the past thirty years, celebrated author Lee J. Ames' distinctive drawing method has proven successful for those wishing to draw anything from animals to airplanes. The books in the Draw 50 series have sold more than 5 million copies and have shown artists from beginning to advanced levels how to draw.
