1 of 1 people found the following review helpful. Lee Hannond Has Great Teaching TechniquesBy twinnhaloI love to draw and I love anything written and drawn by this wonderful artist. Lee Hammond's books are great for beginners as well as the polished artist. Her instructions and techniques are easy to understand and follow. Although I am a great artist, I like to use her books to help me bring out the best work of art that I can create. I want to be just like her when I grow up.1 of 1 people found the following review helpful. Excellent guide to help you draw animals. Highly

recommened to learn graphite techniques and for blending lessons. By Aspiring Artist and Designer While I am not fan of her other drawings as they are not realistic enough for me, this one is excellent. I am obsessed with Elephants and other African animals like the Zebra and Giraffe. This book will help me master techniques to improve on what I have learn so far. Great directions and most of her drawing in here are amazing. 1 of 1 people found the following review helpful. He seems to be a really good artist. I bought this book to help him. Is there any way you could help him in an art career after he gets out of prison? Bill Wagner Washougal, WA. billybear6@frontier.com

Put the WILD in your wildlife art! Popular artist and best-selling author Lee Hammond shares her secrets for drawing some of the earth's most magnificent animals and the diverse habitats they call home. This guide breaks the challenge down step by step, showing beginners how to instantly improve accuracy in their work and inspiring more experienced artists to achieve the level of heart-beating realism illustrated inside. 30 start-to-finish demonstrations feature a wide variety of wild animals and birds, from large cats and raptors to small woodland creatures and reptiles. Mini-lessons focus on drawing eyes, fur, feathers, antlers and other lifelike textures. Includes expert tips for evoking the atmosphere of meadows, woodlands, mountains, skies and other natural terrains. Builds on key skills--including Hammond's blended pencil technique--that make the difference between a simple line drawing and stunning realism. With Hammond's proven techniques and friendly teaching style, you'll soon be able to draw not just the wonderful variety of scenes in this book, but any wildlife moment that touches your heart.
