I was having difficulty correctly applying animal characteristics to humanoid figures (Anthropomorphic Beings). It's a great book for young and older artists alike taking on the furry (same as Anthropomorphic) world of art. I wouldn't go off the book forever as, if your like me, take on other habits that naturally grow on you over time. For instance, how you start out sketching you may draw differently then the book like more sharper boxy edges then round and natural - it's more of a personal preference then anything.3 of 3 people found the following review helpful. cool book was very helpful to me :)By Paul AguirreGreat

book I am working on a Sci Fi graphic novel and this book helped me a lot especially with character design concepts this book is cool I would recommend it you want to draw furies in my case it helped with the design of some some my alien characters in my graphic novel :) great book3 of 3 people found the following review helpful. Furry Drawing inspiration...By ScorpioTigerA good friend saw this in a store and told me about it. I found it here online cheaper! I'm an avid artist and furry. This book has a lot of ideas and inspirational pieces in it, as well as how to's. Great for someone starting out with drawing furies, or someone who's been doing that for years. It's always good to find a new perspective and basics to remember.I'd recommend this book to all who love to draw furies.
