**William Powell : Drawing: Flowers with William F. Powell (How to Draw Paint)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Drawing: Flowers with William F. Powell (How to Draw Paint):

1 of 1 people found the following review helpful. Great variety of flowers By J. WoI love the variety of flowers. They're really fun to draw. Most the instructions are pretty clear. There were a couple that sort of left out a lot of steps (like that "draw the f-ing owl" meme) but if you keep at it, you can improvise on those. I am a beginner-ish. I used to draw years ago and mostly, things from sight, but never got the foundation of the basics, so this helped me a lot. It made it a lot easier and manageable rather than just drawing from sight. I learned a lot and really love the types of flowers in this book, so it was really motivating for me to want to draw them. The book size is really large. I would like it smaller so I can put it in a bag and draw later, but other than that, it is a great book. 3 of 3 people found the following review helpful. well done for practice By birdmom helpful nicely put together--good basic instruction and

practice--especially if you need to brush up on drawing skills.0 of 0 people found the following review helpful. Five StarsBy Walter AlterBeautiful selection of flowers, easy to follow instructions.

In this comprehensive guide, acclaimed artist William F. Powell invites you into his artistic world as he shows you how to render a variety of beautiful flowers in pencil. After sharing helpful tips for choosing materials, shading with pencil, and creating floral arrangements, he explores drawing techniques with step-by-step demonstrations that feature his own personal method for developing a drawing to its fullest potential. And the lessons feature a variety of beautiful flower drawings you can both copy and admire, making this book a welcome addition to any artist's library of reference.
