**Carl Cheek : Drawing Hands (Dover Art Instruction)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Drawing Hands (Dover Art Instruction):

15 of 15 people found the following review helpful. Leaves you wanting moreBy Parka[[VIDEOID:38339921]]Drawing Hands is a very elementary drawing guide for the hands. The tips given are based on observation rather than instructional. It means that you'll probably have no problem copying hands but constructing poses from imagination will be tougher. For example, when shown the structure of the hand, we know the length of each finger in relation to other. But it doesn't explain that relation in terms of how they can be drawn easily when the fingers are bent and hands turned. The last section briefly points out the differences between hands of kids, adults and elderly, female and male. While the book is inexpensive, it has only 48 pages. Overall, it leaves the feeling of wanting to know more techniques on drawing hands. 3 out of 5 stars. Recommended for beginner artists. (More pictures are available on my blog. Just visit my profile for the link.) 1 of 1 people found the following review helpful.

no information on drawing the hands  
By Gatsby  
The book is not going to help draw hands. The layout of the book is awful not table of content no instructive info on how to draw hands. Its a picture book with horrible sketches SAVE your money ppl or buy another book.

An indispensable and easy-to-follow companion for the intermediate art student, this concise guide focuses on how to capture the natural representation of the human hand in all its forms and motions. Over 100 clear and expertly rendered drawings help artists discover:

- The subtle but crucial differences between hands of young and old, male and female
- How to accurately draw hands engaged in a variety of activities
- Skeletal and muscular depictions, which help reveal how to naturally draw the workings of the magnificent human hand

Educated in England at the Chelsea School of Art and the Royal College of Art, the works of Carl Cheek were widely exhibited in Europe throughout the 1950s. His artwork is included in numerous private and public collections, including Britain's important and often-visited Government Art Collection.
