Great beginning bookBy ExcideraThis book is a great guide for learning blocking and adding detail. It works through many examples of this going from simple to more complex, so it never gets boring. Has a wonderful section on perspective. There's not much on shading, though it does touch on it briefly.

In this valuable bookmdash;which also features contributions by acclaimed artist William F. Powellmdash;Walter T. Foster invites you into his artistic world and shows you how to draw a variety of subjects. He explains the materials
