A. Michael Shumate : Logo Theory: How Branding Design Really Works before purchasing it in order to gage whether or not it would be worth my time, and all praised Logo Theory: How Branding Design Really Works:

Ivan Chermayeff said of Logo Theory: "at last somebody actually understands what identity design is all about and how it is accomplished."bull; Learn why certain corporate identities have been used for decades, some for more than half a century, and still look contemporary, while others look dated and tired in only a few years.bull; There principles

of identity design that don't change, principles that transcend fad and fashion.bull; Discover the four different kinds of corporate identity concepts and how that can help you generate more and better identity conceptsbull; Learn visual techniques that can turn a common concept into an uncommon, even remarkable identity.bull; Avoid the Seven Deadly Sins of Logo Design.bull; Learn all these things without years of fruitless trial and error.With clear, real world examples, all of this is provided in Logo Theory: How Branding Design Really Works. Yoursquo;ll see with your own eyes concepts and principles not found in any other book on branding design.And they work.
