**Katie Oliver : Love, Lies And Louboutins (Marrying Mr Darcy, Book 2)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Love, Lies And Louboutins (Marrying Mr Darcy, Book 2):

0 of 0 people found the following review helpful. PredictableBy AshI gave the book a 3 star rating because some parts were slightly entertaining but there were others that just seemed completely predictable and at times annoying. Jools behaviour was completely juvenile. Too much for her age. The end seemed rushed. I did like how all the characters tied together someway somehow.0 of 0 people found the following review helpful. Just not goodBy AmyI really hate

to write a bad review, but this book was just awful. There was no character development. What we did learn about the characters was not likable, implausible, or just frustrating. The plot was ludicrous and full of holes. The writing was cheesy and sophomoric. Just don't waste your time or money. 0 of 1 people found the following review helpful. Darker Chick Lit By Kristin B. This is the second book in the Marrying Mr Darcy trilogy and I enjoyed it although it was a bit different than the others. Whereas the other books are more like chick lit, this one had less of a chick lit feel and more of a dark, suspenseful tone. The book contains elements of kidnapping and assault so it feels more serious than the others. It was still good and I would recommend reading it if you have read the others. There were several times throughout the story that I was sitting on the edge of my seat because I had to know what was going to happen with some of the characters. I like how all of Katie Oliver's books switch back and forth between the characters and bring in characters from previous books so we can see how they all tie in together. All in all, I was not disappointed to have read this book and would still recommend reading it; I just wasn't expecting some of the serious issues.

The course of a celebrity marriage never did run smooth... Gemma Heath has finally managed to get her rock-star husband Dominic to settle down and she has the ring to prove it! But when she sees photos of her brand-new husband escaping on his private jet with the latest pop sensation, Gemma can't help but assume the worst: once a cheater, always a cheater... but that doesn't mean you can't look fabulous! So when her old flame Jack Hawkins resurfaces, Gemma can't resist engaging in some extra-marital flirtation of her own and purely for revenge purposes, of course. But she wasn't prepared for her old attraction for bad-boy Jack to resurface! Gemma has a decision to make and running away from her problems has never been her style. Especially not when she's in sky-high stilettos! Love, Lies and Louboutins is the second book in Katie Oliver's fabulous 'Marrying Mr Darcy' series, to be followed in March by Manolos in Manhattan. Also by Katie Oliver: The Dating Mr Darcy series: Prada and Prejudice, Love and Liability, Mansfield Lark, The Marrying Mr Darcy series: And the Bride Wore Prada and, coming soon, Manolos in Manhattan
