Vastushastri Khushdeep Bansal has been actively practicing Vastu for the past 18 years. Through his experience of over 10,000 case studies, involving some of Indiasquo;s top companies and families he has distilled the concept of MahaVastuTM ndash; a purer, simpler yet more powerful system of Vastu. In this book he helps you learn how to apply MahaVastuTM to your life, to live with more happiness, love and prosperity. How to get this fulfilment and why you are not able to make your dreams come true; these questions lead to a science which we term as MahaVastuTM.

MahaVastu™ is both an Art and a Science to achieve a balance between the activities you perform to achieve your goals and the energies of your Space which help you reach those I read 'MahaVastu' and decided, immediately, to come to India to learn this science. This is so much at a deeper level and at a scientific level. Neena Sikka, Health Care Analyst; Maryland, USA I saw MahaVastu Book at a Book Store in Delhi. Initially I had a glance at it but soon it engrossed my attention. And the next thing I did was to purchase 20 more copies of the book for gifting to my dear ones. As I am reading this book, I am getting great insights about how my house is affecting my life. Manu Rawal, Celebrity Fashion Designer; Delhi The Vastu consultants of our clients used to spoil the whole design developed by us. But in MahaVastu course I learnt, there is no need to shift things; there are alternatives, like painting a Red colour Strip, which prove equally effective. Prof. Dr. Deepa Maheshwari, M.Arch., Ahmedabad I got to read 'MahaVastu'. I found it so scientific; I felt connected. It is very much practical and logical. The course is Excellent; I am very happy having done this.
