Jack White : Malady of Art: Fear before purchasing it in order to gage whether or not it would be worth my time, and all praised Malady of Art: Fear:

0 of 0 people found the following review helpful. GoodBy KangiGood book but sometimes it seems as if Jack's books repeat themselves a bit. I haven't reached the point of actually marketing art yet so I can't say if his techniques work or not. I do like how he points out that there's nothing wrong with selling art - artists have to eat too. It's not as if you've prostituted yourself by making art people want to buy. You can still make the art you personally like and keep it for yourself, but making art people want to buy beats working at Walmart, even if it's something that Clement Greenberg would pull his hair out over.0 of 2 people found the following review helpful. Reading the first one nowBy Lynette C. LandryLooking forward... to the other 5... So informative.. and matter of factly telling one how to succeed.. I so need this right now when I am retiring from the classroom and want to supplement my income with my art.. You will be the reason I succeed. I am following your advice to the letter...

Malady of Art: FEAR is one of Jack White's most powerful art marketing books. He grabs fear by the neck, giving it a good choking. More artists are held back by fear than any other obstacle. Claim victory over your apprehension. Read Malady of Art: FEAR and you will have a good grasp on how to deal with trepidation in your life, opening the door to success in your art career.
