Simon Taylor, Julian Holder : Manchester#146;s Northern Quarter (Informed Conservation) before purchasing it in order to gage whether or not it would be worth my time, and all praised Manchester#146;s Northern Quarter (Informed Conservation):

This book raises awareness of the wide range and the varied character of the historic buildings which make up the Northern Quarter's townscape and the forces and trends which contributed to its appearance. It also shows how the area has evolved over the last two and a half centuries, forming the historic backdrop to everyday life in a particularly vibrant and culturally distinctive quarter of the city. The book will have a broad appeal, both to the established urban community and to those with an interest in the city of Manchester and its buildings.

'... Packed with informative prose alongside colour pictures and diagrams to help you understand the roots of the city we often take for granted.' Urban Life
About the Author
Julian Holder is a lecturer in the history and theory of architecture at the University of Salford. He is the author of Ancoats and Manchesterrsquo;s Northern Quarter.
