OverratedBy Shelton WalkerDon't waste your money this book does not show you how to draw or color. Instead it promotes the artwork of the author. And the text is way too small for a book that size. I should have known better when only 6 people like it.1 of 1 people found the following review helpful. Learn to Watercolor, not DrawBy E. LuntaoGet it for learning how to watercolor, not for how to draw. 1-2 pages on subjects like body types and clothing wrinkles barely scratch the surface of how to draw, but the watercolor step-by-steps are fantastic.
