W. R. Tymms, M. D. Wyatt : Masterpieces of Illuminated Letters and Borders (Dover Pictorial Archive) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Masterpieces of Illuminated Letters and Borders (Dover Pictorial Archive):

10 of 10 people found the following review helpful. Useful but not beautiful reference
By Eulalie This is a typical Dover book containing interesting and useful, but hard to find information in an economical format. This is not an instructional book; There is no text other than a reference to the century from which the numerous examples come, nor are there layout or page examples. The print quality of my copy is somewhat pale and poorly aligned, but the illustrations are mainly large and the detail is easy to see for copy practice.
0 of 0 people found the following review helpful. Ok but not one of the best
By Beth A lot of designs in this book started looking the same.
0 of 0 people found the following review helpful. Three Stars
By steven saltsmana good idea resource

More than 350 decorative designs in this impressive collection, including 256 letters, display the glories of extant medieval manuscripts. Exceptionally rare letters and borders that once enhanced medieval bibles and other rare manuscripts are ornamented with exquisite florals, gem-like geometrics, curvilinear motifs interwoven with religious figures, and superb embellishments. Comprising a practical archive of usable lettering for artists and craftworkers alike, this impressive collection also provides medievalists with a wonderful glimpse of the ancient art of manuscript illumination.
