From Dover Publications : The Human Form in Art (Dover Anatomy for Artists) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Human Form in Art (Dover Anatomy for Artists):

As individual as a snowflake, the human body is a marvel of form and function. This dramatic compilation of 166 studies—photographs, line drawings, and sculptures—serves as both an exhilarating exhibition and an important reference. Key topics include: Anatomy Proportion Motion Other advice covers the selection of models, the human form in sculpture, and the role of art in the theater. Artists at every level of experience as well as art lovers will benefit from this classic guide.
