Maja Sauml;fstrouml;m : The Illustrated Compendium of Amazing Animal Facts before purchasing it in order to gage whether or not it would be worth my time, and all praised The Illustrated Compendium of Amazing Animal Facts:

5 of 5 people found the following review helpful. Informative and entertainingBy C M GautierBeautiful book with funny drawing and curious facts. Our family was amazed by some of the information and got some giggles out of the book. Very informative and entertaining for all ages.5 of 5 people found the following review helpful. Worth Any PriceBy Joseph HeywoodThis book is wonderful! Its humor is made no less by the (very appropriate) frequent references to bodily fluids and functions. The facts are very interesting and almost shocking at times, even to well-educated adults. Great read!4 of 4 people found the following review helpful. Wonderful book for curious mindsBy JanetSuch a fun book for curious little animal lovers! I purchased this as a gift for a friend's son and he loved it. Also, I learned a few interesting facts myself! And the illustrations are just whimsical.

An artfully playful collection of unexpected and remarkable facts about animals, illustrated by Swedish artist Maja Sauml;fstrouml;m. Did you know that an octopus has three hearts? Or that ostriches can't walk backward? These and many more fascinating and surprising facts about the animal kingdom (Bees never sleep! Starfish don't have brains!) are illustrated with whimsical detail in this charming collection. From the Hardcover edition.
