If you're on the fence on this one, buy anything from this author. I'm not sure it inspired my rooms yet but the writing is like eating honeyed toast, it is full of content, and it makes you feel good to read it. Love it. Thinking of buying a physical copy.

By Rain
First of all this is a BEAUTIFUL book to browse through - the photographs are outstanding and beyond inviting. Go deeper and Melissa does not disappoint. Better than her blog, Melissa inspires and guides you to create a thoughtful personal home. I would certainly recommend this book to beginning homemakers. As well as more seasoned homeowners looking to refresh their home or tweak it by looking at each room with fresh eyes and embellishing what you have using Missa's fantabulous tips. She thoroughly explains her thought process behind each tip. Great book - this is a winner and would enhance any coffee table - just leave it out and browse through it when you're having one of those days when you need a pick me up for your home. Thank you Melissa !!!!!!!

beautiful photographs. This book does have a coastal vibe, which I love, but may not be to everyone's

taste. At the very least it makes a gorgeous coffee table book.

New York Times bestselling author, Melissa Michaels, will inspire you to make your house a well-loved home. Her relatable style, unique voice, and practical decorating ideas have made her highly respected blog, The Inspired Room, a haven for fans of real-life style. Step inside Melissa's home as she shares lessons learned, inspiring photos, and encouraging insights to help you embrace your authentic style through doable improvements for every room: attainable decorating, organizational, and DIY solution-transforming tips for lighting, color, and style. Motivation to reclaim and organize small spaces. Best of all, you don't need a big budget or perfect DIY skills to embrace Melissa's practical home decor philosophy. You'll return to this book again and again for inspiration to fall in love with the home you have. To enjoy the ebook version to its fullest, viewing on a tablet is recommended.
