**K E Sullivan : The Life, Times and Work of Charles Rennie Mackintosh** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Life, Times and Work of Charles Rennie Mackintosh:

The work of Charles Rennie Mackintosh was ground-breaking in his own time and still inspires and influences much of the art world today. This beautifully illustrated book captures the excitement and vitality of his art, presenting a fascinating insight into the life of one of the world's most celebrated designers. High-quality reproductions of some of his most important and lesser-known work, bring to life one of Britain's greatest artistic eras. 2018 will mark the 150th anniversary of his birth.
