**Giorgio Vasari : The Lives of the Most Excellent Painters, Sculptors, and Architects (Modern Library Classics)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Lives of the Most Excellent Painters, Sculptors, and Architects (Modern Library Classics):

A painter and architect in his own right, Giorgio Vasari (1511-74) achieved immortality for this book on the lives of his fellow Renaissance artists, first published in Florence in 1550. Although he based his work on a long tradition of biographical writing, Vasari infused these literary portraits with a decidedly modern form of critical judgment. The result is a work that remains to this day the cornerstone of art historical scholarship. Spanning the period from the thirteenth century to Vasari's own time, the *Lives* opens a window on the greatest personalities of the period, including Giotto, Brunelleschi, Mantegna, Leonardo, Raphael, Michelangelo, and Titian. This Modern Library edition, abridged from the original text with notes drawn from earlier commentaries, as well as current research, reminds us why *The Lives of the Most Excellent Painters, Sculptors, and Architects* is indispensable to any student interested in Renaissance art. From the Trade Paperback edition.
