Five StarsBy Toni PaceGreat book!7 of 7 people found the following review helpful. They nearly all seem fun and doableBy laissez-faireI'm reading the Artist's Way and was totally stuck for more artist date ideas, so wasn't doing them. This inexpensive little book came through. In my opinion it is well worth

it, some of the ideas for a 'date' don't involve going out somewhere but can be done at home. What a relief! They nearly all seem fun and doable, things I would never have thought of. It is a handy resource since I used up all my own ideas, I can flip through it and find a date that appeals to me. Many choices. I highly recommend it if you're stuck for date ideas, and really wanted to follow the exercises in the Artist Way to unblock your creative self.

Julia Cameron's groundbreaking Artist's Way program has helped millions of individuals around the world discover their creative selves. In this invaluable companion to *The Artist's Way*, Cameron provides further insight into one of her most powerful Artist's Way tools: *The Artist's Date*. The Artist's Date is a block of time that aspiring and established artists devote to stepping aside from their work to engage in simple, fun activities that nourish their creative spirits. All artists have experienced creative blocks and know the feeling of keeping their noses to the grindstone, making their days feel only dutiful and drab. According to Cameron, what is needed is a good dose of enforced play, whether it involves a trip to a museum or toy store or simply baking a pie. In *The Miracle of the Artist's Date*, Cameron presents 52 ideas for Artist's Dates—one for each week of the year—that will inspire and delight. Also included in this e-special is an excerpt from *The Artist's Way for Parents*, the most highly requested addition to Cameron's canon of work, as well as an excerpt from *The Prosperous Heart*, in which Cameron offers the practical financial tools to guide you to prosperity in all areas of your life.
