Andy Warhol : The Philosophy of Andy Warhol: From A to B and Back Again before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Philosophy of Andy Warhol: From A to B and Back Again:

0 of 0 people found the following review helpful. Post modern work of art. By Daniel M. Cohen This is a great book. An artifact, not unlike his best work. Forthright, funny, lacking in pretense. Simply the man, in his own words. 0 of 0 people found the following review helpful. I would have liked to see more examples of his work in accompaniment ... By C.H.M. I never appreciated the philosophy of Andy until I attended a showing of his work side by side with Georgia O'Keeffe's work. Of course I was prejudiced in favor of O'keeffe. However when I saw their work side by

side, I could see a similarity in their philosophies that I had never imagined. I would have liked to see more examples of his work in accompaniment of all the wordiness of the book. What is the saying: "A picture is worth a thousand words". 1 of 1 people found the following review helpful. fun humorous and brilliant By iloveinsf Andy Warhol was so out there but so crystal clear on so many things. he brings a unique perspective to many aspects of life, but yet is so "obvious" at the same time! this book is just plain fun to read but also brilliant and profound. i recommend it!

A loosely formed autobiography by Andy Warhol, told with his trademark blend of irony and detachment. In *The Philosophy of Andy Warhol* (with the subtitle "(From A to B and Back Again)"), is less a memoir than a collection of riffs and reflections; he talks about love, sex, food, beauty, fame, work, money, and success; about New York, America, and his childhood in McKeesport, Pennsylvania; about his good times and bad in New York, the explosion of his career in the sixties, and his life among celebrities.

Praise for *The Philosophy of Andy Warhol*: "Acute Accurate. Mr. Warhol's usual amazing candor. A constant entertainment and enlightenment." --Truman Capote, American author, screenwriter, playwright, actor

From the Back Cover: The private Andy Warhol talks: about love, sex, food, beauty, fame, work, money, success; about New York and America; about himself- his childhood in McKeesport, Pennsylvania, good times and bad times in the Big Apple, the explosion of his career in the sixties, and life among celebrities. Andy Warhol claimed that he loved being outside a party so that he could get in. But more often than not, the party was at his own studio, the Factory, where celebrities from Edie Sedgwick and Allen Ginsberg to the Rolling Stones and the Velvet Underground gathered in an ongoing bash. In *"The Philosophy of Andy Warhol"* the enigmatic Warhol makes the reader his confidant on love, sex, food, beauty, fame, work, money, success, and much more.

- * Andy on love: "People should fall in love with their eyes closed. Just close your eyes. Don't look."
- * Andy on beauty: "I really don't care that much about 'Beauties.' What I really like are Talkers."
- * Andy on money: "It's always good to get abstract when it comes to economics."
- * Andy on class: "The rich have many advantages over the poor, but the most important one, as far as I'm concerned, is knowing how to talk and eat at the same time."
- * Andy on underwear: "I would rather watch somebody buy their underwear than read a book they wrote."

Andy Warhol (1928-1987), a painter and graphic artist, also produced a significant body of film work, including his famous "Chelsea Girls." Equally well known in the late sixties and early seventies as resident host at his studio, the Factory, Warhol died in New York in 1987.

About the Author: Andy Warhol (1928-1987) was an iconic American artist who was a leading figure in the visual art movement known as pop art. He had a successful career as a commercial illustrator, after which he became a renowned and sometimes controversial artist. His works explored the relationship between artistic expression, the culture of celebrity, and the pervasive influence of advertisements that proliferated through the 1960s. Warhol's works include some of the most expensive paintings ever sold. He was also an author, a music promoter, and a producer and director of innovative films.
