As a Jane Austen junkie, and as a coloring book junkie, I was naturally pleased to discover that there was a PP Coloring Book!!! And when the product arrived I was doubly pleased. The artist's natural ability shows, as does an intense knowledge of the era and the work. The scenes excerpted and displayed on the page are already vibrant in black and white -- can't wait to add color!! Thank you! I love the map too! I hope Sense and Sensibility is next!0 of 0 people found the following review helpful. Passionate Wonderful Coloring BookBy JBYou can tell that the authors were passionate about this book. Of course its just for coloring, but there is a real storytelling here, especially in facial expressions. Willoughby is as perfectly dastardly as Darcy is handsome. There are lots of fun detail and the clothes are great! Though there are many easy pages, the complex ones were hard to color so use colored pencils. Have fun!0 of 0 people found the following review helpful. Three StarsBy

An original coloring book of 25 original illustrations depicting progressive scenes from Jane Austen's most popular novel. Following Elizabeth Bennet and Mr. Darcy, the drawings depict the balls, the romance, the English countryside and the effusive emotions of Austen's characters. The images are evenly apportioned among easy-to-color, moderate difficulty and challenging pages, with accompanying text from the novel.
