**Roger Talley : The Professional's Guide to Modeling** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Professional's Guide to Modeling:

1 of 1 people found the following review helpful. Model agency searchBy Roger BUseful information, particularly if you are planning to go to a competition or convention. Good information also when it comes to signing with an agency.Large part of the book dealt with Internet modeling which is no use in our search.0 of 0 people found the following review helpful. The bible of modelingBy ShivI have that book!!! I ordered it recently from .com and although it took about 8 weeks to ship, it finally did arrive here and its excellent and covers a lot of topics very well. As a very thankful reader. Mr. Roger Talley, thank you and greetings from a very happy reader all the way from India. Thank you for writing such a wonderful book. It helped me out during a very dark time in my life when i had lost all other hope and got me slightly on track. It is my bible now and i keep it with me at all times next to my portfolio book. If i ever do make it to the US in this lifetime, I will make sure i come to vegas and thank you for it in person.0 of 0 people found the following review helpful. Good book, its hard to think someone actually took ...By marioGood book,

its hard to think someone actually took all his time to write, MUST have for any model aspiring, good advices. Quite large though.

Covers all aspects of the modeling industry, written by an agent and photographer with decades of experience. Describes modeling types you didn't even know existed, what they require, and how to get into them. Mainstream fashion and commercial modeling, alternative modeling types and the burgeoning new field of Internet modeling discussed in detail. Includes a special chapter on child modeling. Different types of agencies, and what to expect from each. Getting an agency (or getting work without one). What is expected of you by clients, casting directors and agencies. and who are all of those people? How go-sees and shoots work, and the paperwork involved. Modeling and the law: agency contracts, copyright and model's rights, including samples of the commonly used forms. A detailed description of many modeling scams, and the myths that surround them. Model safety. Essay that decodes the things said by photographers and agents that don't mean what they say.
