**From Routledge : The Routledge International Handbook of Intercultural Arts Research (Routledge International Handbooks of Education)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Routledge International Handbook of Intercultural Arts Research (Routledge International Handbooks of Education):

For artists, scholars, researchers, educators and students of arts theory interested in culture and the arts, a proper

understanding of the questions surrounding 'interculturality' and the arts requires a full understanding of the creative, methodological and interconnected possibilities of theory, practice and research. The International Handbook of Intercultural Arts Research provides concise and comprehensive reviews and overviews of the convergences and divergences of intercultural arts practice and theory, offering a consolidation of the breadth of scholarship, practices and the contemporary research methodologies, methods and multi-disciplinary analyses that are emerging within this new field.

About the Author Pamela Burnard is Professor of Arts, Creativities and Education at the University of Cambridge, UK.
